Total Amount Invested in District 5 $11,607 (2 grants)

The ADA Foundation Research Division:
The ADA Foundation Research Division, with its flagship lab, the ADA Foundation Volpe Research Center, is focused on developing new dental materials, sensors, and devices. The ADA Foundation invested more than $856,000 in oral health research in 2018. Learn more at ADAFoundation.org/research.

International Programs:
The ADA Foundation supports international philanthropic programs. Visit ADAFoundation.org/international to learn more about international volunteer opportunities for dental professionals, education courses related to international volunteerism, and resources for international volunteers and international volunteer programs.

Tiny Smiles, a Give Kids A Smile program:
In 2018 the ADA Foundation partnered with Scholastic to develop educational materials to help improve the oral health of kids ages 0 (birth) to 5 in the U.S. Learn more at scholastic.com/givekidsasmile.
